

'Ailana Leos

2025 Recruit

As an aspiring collegiate golfer, my journey with the sport has been more than just about hitting a small white ball towards the green; it has been a pursuit of discipline, resilience, and constant self-improvement. From my first swing when I learned to walk, I had a talent for golf and fell in love with the game. I've learned many things on and off the golf course, and my ambition is to bring this blend of skill, team spirit, and personal growth to a college golf program. Where I can continue to develop as an athlete, a student, and a leader, driven by my passion for the game and my commitment to excellence
